

Merry Christmas Kids!

Holly Elf here! And I need your help!

This time of year, Santa likes to travel the world to check on all the boys and girls! But we have been so busy here at the North Pole that we lost track of him.

Can you help us find him?

Now there is no need to worry too much. With the help of children around the world we should find him in no time.

See, Santa leaves his signature Santa Painted Rocks wherever he goes to help us keep track of him. But we are having a hard time finding any.

Would you keep an eye out for them?

If you find any, leave them next to your bed at night. This will set off our Santa Sensors and we will retrieve them and leave you a treat! Back at the North Pole we can analyze the rocks to see just where Santa has been.

Thanks for your help!

Holly Elf
